How to Book

As we are a family run restaurant we are able to "tailor-make" menus to suit any party and indeed many of our patrons prefer to just order from our menu on the night - just talk to us and we will work with you to make your night special.

It is essential that you book as early as possible to reserve your party, please book provisionally by phone **01457 874412** then confirm the booking by paying a deposit of £10 per person.

We realize that the best laid plans can go wrong and will return the deposits for any guests who can't make it providing that we are given at least one weeks' notice.

There is no requirement to "pre-order" your meals.
